Covering Preventive Services

Preventive Care Services Covered With No Cost to the Member

Your group health plan covers certain preventive services as a benefit of membership, at no cost to the member when they use a provider in your plan's network. There is no copay, deductible or coinsurance, even if the individual or family deductible or out-of-pocket maximum has not been met.

Covered Preventive Care Services¹

Depending on the particular health plan, coverage may be provided for the preventive services listed in this guide, at no cost to the member when seeing a provider participating in a health plan's provider network. This list may not include all of a particular plan's covered preventive services. Blue Cross and Blue Shield of Oklahoma members can call Customer Service at the number on their member ID card for details on how these benefits apply to their coverage and for the most up-to-date list of covered preventive services, including those paid without any cost-sharing.

¹ Non-grandfathered health plans are required by the Affordable Care Act to provide coverage for preventive care services without cost-sharing only when the member uses a network provider. This includes preventive care services as follows:

- Evidence-based items/services rated A or B in the current recommendations of the U.S. Preventive Services Task Force
- Routine immunizations for children, adolescents and adults recommended by the Advisory Committee on Immunization Practices of the Centers for Disease control and prevention
- Evidence-informed preventive care and screenings for infants, children, and adolescents in the comprehensive guidelines of the Health Resources and Services Administration
- Evidence-based preventive care and screenings for women described in the comprehensive guidelines of the Health Resources and Services Administration

² Certain group health plans established or maintained by organizations that qualify as religious employers may be exempt. These services may be covered under a plan's Pharmacy benefits. The fact that a particular medical service is listed in this document is not a guarantee that benefits are available for such service. The member is instructed to refer to their health benefits document to determine what benefits are available for the particular medical service.
